

PENNSYLVANIA KNIT "ELASTICOAT"

An Ideal Weight Sweater Coat for Every Person, Purpose and Season

A Medium weight garment—not too heavy—not too light—knitted in a special stitch which gives it elasticity and springiness that conforms to every movement of the body; this elasticity and springiness is retained throughout the long life of the garment.

The shapekeeping reinforced shoulders allow freedom of action without strain or stress. Scientifically accurate dimensions insure everyone an exact fit. The elasticized pockets are reinforced and sag-proof.

The patented Notair buttonholes are unbreakable. The Pennsylvania Knit "ELASTICOAT" is an ideal garment, giving a smart appearance to every wearer—sportsman, worker, indoors or outdoors—with a coat or without a coat—serving every purpose for comfort, style and warmth.

Its appeal is universal—to man and woman, boy and girl. The long life of this garment and its reasonable price prove there is no other sweater like a Pennsylvania Knit "ELASTICOAT."

Here's Another \$5,000,000 Appetite Waiting for These War Department Canned Meats

That's how much of these guaranteed canned meats were shipped last week to every section of the United States—sold by thousands of dealers and relished at the tables of hundreds of thousands of families, and little wonder, when delicious quality of these meats is considered in connection with their extremely low price which would have seemed extraordinary in pre-war days. This is the Government's second thrust at the high cost of living. The prices quoted are wholesale prices, but they give you some idea of what you can buy this incomparable food for from your dealer. Obey that impulse now. See your dealer. If he hasn't this meat in stock he should have, for these wholesale prices allow him a good profit and you a great saving. Send us his name by postal.

No order accepted for less than \$250.

CITIZENS CLOSER TO D. C. OFFICIALS

Advice on Civic Matters Always Welcome, Col. Kutz Says, at Smoker.

Closer co-operation between the Commissioners and the citizens' associations is expected to result from an informal smoker of the Federation of Citizens' Associations at the Willard Hotel last night, at which Commissioners Hendrick and Kutz were guests.

Both city heads pointed out that closer relations between the citizens and officials at the District building would prove of mutual benefit. Engineer Commissioner Kutz told the members of the federation that until Washington is given some form of representation in the government the federation constitutes the best substitute.

Commissioners Glad of Advice.
Col. Kutz assured the delegates that the Commissioners want the advice and opinion of the citizens' associations on all civic matters, but he emphasized the fact that often differences of opinion seem to exist which could be ironed out by conferences at the District building. He added, however, that these conferences should take place before the associations act on the question involved. An organization, he said, is slow to reverse itself once action has been taken.

In connection with recommending street and sidewalk improvements, Commissioner Kutz advised the associations to obtain the sentiment of the property owners on the streets under consideration before asking the Commissioners to make the improvement. Frequently, he said, property owners have objected to the improvement of a street asked for by the neighborhood association. Naturally, he continued, such incidents weaken the confidence of the city heads in the citizens' associations.

W. B. Wadsworth, president of the federation, announced that there would be a special meeting of the organization in the city post office Tuesday, November 30, after which the delegates will be taken through the big mail-handling plant.

Jesse C. Suter welcomed the delegates and visitors on behalf of the federation. The presidents of several neighborhood associations spoke. A buffet supper was served.

HOSPITALS GET MILLION IN DRUGS SEIZED IN RAIDS

NEW YORK, November 23.—More than a million dollars' worth of narcotics soon will be available for use in hospitals throughout the country as the result of seizures by government agents here within the last two months. It was announced today by Frank L. Boyd, supervisor of the prohibition enforcement department.

The drugs, principally morphine and cocaine, will be sent to Washington, where they will be examined and standardized for medicinal use.

Frank J. Fitzpatrick, supervisor of the narcotics division of the prohibition enforcement department, today expressed the opinion that, despite the large seizure, the drug habit is on the decrease.

WILL MEET IN PROTEST.

Ireland's Sympathizers Charge Father Griffin Was Murdered.

Irish sympathizers in Washington, like those in other cities throughout the country, will hold an indignation meeting over the murder of Rev. Father Griffin, said to have been kidnapped and slain near Galway, Ireland.

Rossa F. Downing, president of the Padraic H. Pearce branch of the Friends of Irish Freedom, said today tentative plans for such a demonstration were under way and an announcement would be made on his return to this city from New York on Friday.

This Boy Knows. Do You?

This boy has THE BOOK OF KNOWLEDGE in his home. He can explain to you interestingly and correctly all the familiar things which he sees around him. His teacher will tell you that when she wants a quick and intelligent answer from her class this boy always answers first. He understands many subjects of interest in the papers and magazines and in the conversation of his elders. He has made "a long start in the race for knowledge."

Answers Every Question a Child Can Ask

Why is ice slippery?
Why is the sea never still?
Can a plant see?
What are eyebrows for?
Why does milk turn sour?
Why is snow white?
Do the stars really twinkle?
What makes the color of the sunset?
What makes knots in wood?
What makes an echo?
Why are tears salt?
Why is it warm in summer?
What is camouflage?

CURIOSITY—the Great Teacher

CURIOSITY is the beginning of all knowledge. Do you know any subject about which your child has not asked a dozen questions? Let him ask as many as he likes, and be sure to answer them correctly. That is the parent's most important and most easily neglected duty. If you discourage your child's curiosity you will injure his mind, and the bright boy or girl becomes stupid or indifferent. **Through curiosity Columbus discovered America.** THE BOOK OF KNOWLEDGE is the simplest and most natural method of helping the child to educate himself: IT ANSWERS EVERY QUESTION A CHILD CAN ASK IN PLAIN AND SIMPLE LANGUAGE. So captivating is this great original work to the mind of a child that he absorbs with little effort the profound truths and great facts of the world of knowledge, while reading its delightful pages and looking at the thousands of striking educational pictures.

YOUR CHILD IS UNIQUE

Your child is like no other child in the world. He has his own peculiar taste and need for both physical and mental food. If you put a meal before him and let him choose what agrees with him best, he will thrive. THE BOOK OF KNOWLEDGE is the right kind of nourishing food for the child's mind during the growing years. Give your child this remarkable, original work, and watch carefully which of the 16 Great Departments interests him most, Nature, Science, History, Biography, Astronomy, Physiology, Art, Literature, Poetry, or Manual Training. It will prove THE KEY to his natural bent, and the kind of work or profession in which he will most easily succeed.
